

ALL ABOUT

MARY + CARY

CHERRIES

Cherries grow on beautiful trees and do not ripen after they are picked like other fruits. They are called a “stone fruit” because of the hard round pit inside. A sweet cherry tree will grow about 800 cherries a year and most cherries are grown in North America.

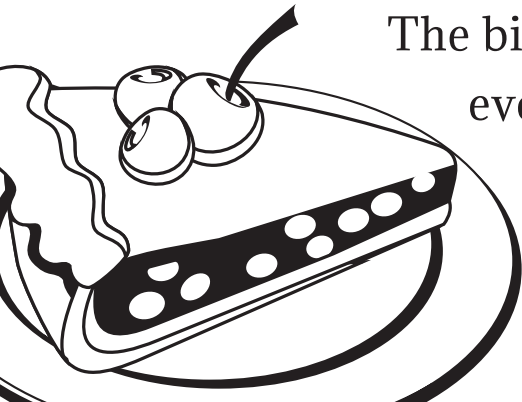

MARY'S FUN FACT!

OH MY!

The biggest CHERRY PIE ever made weighed

39,683 POUNDS

Lots of words rhyme with CHERRY. How many can you think of?

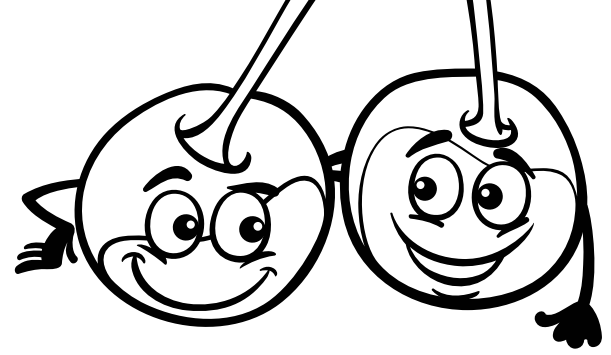

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____

Be Merry...
Eat a Cherry

EAT MORE CHERRIES!

Cherries are like healthy candy, just don't forget to spit out the pit! They are full of VITAMIN C, which helps keep you from getting sick.
